Asus2 E \flat

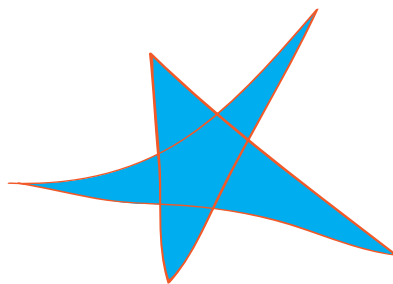

for the evening

sing me a song

a little itty bitty night song

night music

there goes the light
slippin' away
there goes the light
fadin'
here comes the dark
fallin' like rain
here comes the dark
blanketing

there goes the hummingbird
tucking in her joy
there goes the hummingbird
quieting
here comes the owl
with secrets in her eyes
here comes the owl
she's flying
