Thank you!!!

I've got an axe, gonna chop chop chop
I've got an axe, gonna chop chop chop
I've got an axe, gonna chop chop chop
I'm gonna build myself a tree house

I've got a saw, gonna cut cut cut
I've got a saw, gonna cut cut cut
I've got a saw, gonna cut cut cut
I'm gonna build myself a tree house

I've got a hammer, bang bang bang
I've got a hammer, bang bang bang
I've got a hammer, bang bang bang
I'm gonna build myself a tree house

I've got a screwdriver, twist twist twist
I've got a screwdriver, twist twist twist
I've got a screwdriver, twist twist twist
I'm gonna build myself a tree house

I've got a paintbrush, swish swish swish
I've got a paintbrush, swish swish swish
I've got a paintbrush, swish swish swish
I'm gonna build myself a tree house

*What other tools will you use
to build your tree house?
Draw some here!*

I've got a ladder, climb climb climb

I've got a ladder, climb climb climb

I've got a ladder, climb climb climb

I'm gonna climb up into
My tree house!

I've got a telescope, spy spy spy
I've got a telescope, spy spy spy
I've got a telescope, spy spy spy

I can see the world from my
See the world from my
See the world from my tree house!

Use the empty pages that follow
to draw a picture of the
tree house YOU would build!

You could also draw a picture
or tell a story about
all the animals
you meet in the forest,
or the things you see
through your telescope.

Have fun!

Love,
Charity
