"What makes you twinkle?"

"What makes you shine?"

"What makes you sing out?"

"What makes you chime?"

"What makes you celebrate?"

"What makes you resonate?"

"What makes you grateful  
to be alive?"

"Is it the meadow  
where the sun shines sweet  
so that you can run on it  
in your bare feet?"

"Is it the puddles  
that the rain cries down  
so that you can stomp in 'em  
all around the town?"

"I'm grateful for  
the sun and the rain!"

"Is it your school  
where you run and play  
and grow up just a little bit  
each and every day?"

"Is it your home  
with its roof in the sky  
and windows so you can  
watch the world go by?"

"I'm grateful for  
my school and my home!"

"Is it your friend  
who you love all the time  
'cause you can hear the music  
in each others' minds?"

"Is it your family  
who holds you strong  
and always makes a place  
for you your whole life long?"

"I'm grateful for  
my friends and family!"

What are you grateful for?

Use the empty pages  
to draw and write about  
your gratitude and joy.

You can invite your  
family and friends to add  
to your GRATEFUL book, too!

I'm grateful for YOU!

Love,  
Charity
